Will stated, "H&I Subcommittee continues to perform the duties to perform the functions as charged by CSASC. While there are fewer presentations made overall, the participants at the existing facilities seem to be interested to explore the message behind our presentations. "...that an addict can stop using and find a new way to live." During the period of April 9th to May 18, 2018 we have made at least 16 presentations between Seabrook House, Cumberland Department of Corrections and the South Jersey Extended Care Facility. The number of participants we interacted with during the period has been 198 total. The presentations continue to be lively with sharing and questions from the participants as well as the presenters. Questions of medication use in recovery have been mentioned by some in active treatment and to that end we provide them with "In Times of Illness" and "NA Groups & Medications". Any questions, please feel free to contact me." –Will B **SEE**
